Dear Father Felix Raj,

The Peace of Christ!

I have heard from several quarters the good news that St. Xavier's College Kolkata has been constituted a University in virtue of the St. Xavier's University Kolkata Bill which was passed on December 15 in the West Bengal Assembly.

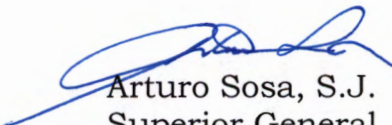

This is the fruit of many years of serious effort to establish the College as an outstanding institution of Higher Learning. It comes as no surprise, then, that St. Xavier's College, Kolkata was assessed and accredited by the NACC recently with a 3.77 CGPA on the scale of 4.

My warm wishes and prayers support your efforts as you and your collaborators work on the academic and other details of the university. May you have all in place for the proposed inauguration on July 8, 2017.

I would be happy, when convenient, to receive a copy of the charter or official document that constitutes St. Xavier's University with clear information about what this means in terms of affiliation possibilities of other Jesuit/Church institutions to the new University, and the academic and financial implications of this exciting new venture.

With warm good wishes to you and all who have laboured hard and long to arrive at this point and with the expectation that the new University will always mirror the Society's traditions and commitment to higher education,

Yours sincerely in the Lord,

Arturo Sosa, S.J.
Superior General
