

Last to last year, the Department of Commerce (Post Graduation) under the Faculty of Commerce & Management started off with these preparatory classes for NET/SLET for its M.COM students in a very informal way. Given the success rate in the last two years, this year again we are launching the “PREP NET” programme, a crash course involving a lecture series targeted at preparing the M.COM students for their upcoming NET/SLET examinations. In this short span, what we achieved is due to our strong commitment to our vision. We have our own standard of quality checking through mock tests that we never compromise upon.

Course Duration

The duration of the course is 15th March 2021 to 30th April 2021 exclusively meant for M.COM students at SXUK. (There is a provision of extending the crash course depending on students’ feedback).

WHY PREP NET ?

- UGC NET/SET syllabus oriented guidance within a short time.
- Individual attention to clear students’ doubts.
- Timely test series/mock tests helps to build confidence and prepares them to face possible problems during the final exam.
- Career oriented guidance for PhD and further studies for interested candidates.

The list of Successful candidates from our previous batches is given below :

Name	Exam Details	Qualified for
Risav Adhikari	December 2018	JRF & Assistant Professor
Ancy Tirkey	December 2018	Assistant Professor
